## EDUCATION

2022-2026

RK UNIVERSITY

- Bachelore of Computer Engineering Running(6th sem)

2020-2022

ORCHID SCIENCE COLLAGE

- Certificate of +2 Completed in 2022

## SKILLS

- Data Visualization
- Machine Learning
- Python
- Statistical Modeling
- Databases
- Deep Learning
- Power BI, SQL, Excell
- Critical Thinking

## LANGUAGES

- English
- Hindi
- Nepali

## PROFILE

Aspiring Data Scientist with a strong foundation in data analysis, machine learning, and programming. Eager to apply theoretical knowledge to real-world challenges and grow within a dynamic team. Passionate about leveraging data to drive insights and innovation.

## CERTIFICATION

- The Joy Of Computing Using Python**
  - NPTEL
  - October 22, 2023
  - Successfully completed course by NPTEL
- Introduction to Business Intelligence**
  - Infosys Springboard
  - August 7, 2024
  - Successfully completed course by administe
- Python for Data Science**
  - Infosys Springboard
  - November 12, 2024
  - Successfully completed course by administe

## PROJECTS

- Interactive AI Chatbot:**
  - Developed with Python and Streamlit, this project supports multimodal inputs-voice, text, images, and documents-to deliver dynamic, multilingual conversational responses using OCR, speech recognition, and advanced language processing.
- Movie Data Analysis Project:**
  - Developed an interactive project using Python and Jupyter Notebook to clean, analyze, and visualize movie datasets—revealing key insights on ratings, budgets, and box office trends.
